NORTHERN DISTRICT OF OHIO
EASTERN DIVISION

UNITED STATES OF AMERICA	*	CASE NO. 5:15CR446
Plaintiff	*	
-vs-	*	JUDGE DAN A. POLSTER
TERRENCE McNEIL	*	
Defendant	*	<u>ADDENDUM A TO PROTECTIVE</u>
	*	<u>ORDER</u>
	* * *	

Pursuant to an unopposed Motion For Protective Order (Doc. #10) the Court issued a Protective Order (Doc. #11) applicable to the disclosure of discovery materials to Defendant by the Government. The parties have elected to modify the terms of that protective order and agree to permit counsel for Defendant to provide to the North East Ohio Corrections Center (NEOCC) the discovery materials which have been provided to him by the government on external hard drives, thumb drives and CD's so that Defendant can review them at NEOCC. Because of the sensitive nature of the discovery materials NEOCC will take measures to ensure that the discovery is not disseminated or removed from the viewing area in any way. Specifically, Defendant will be placed into a secure area under the supervision of NEOCC staff to view the discovery. No one other than Defendant will view the materials. Nothing will be printed, copied or reproduced in any way from the discovery. The Defendant will receive only one form of electronic discovery at a time and Defendant will be searched prior to and at the conclusion of reviewing the discovery to ensure that nothing is taken into or from the viewing area. NEOCC will also inspect and search the computer that Defendant used on each occasion to ensure that no copying or reproduction has taken place.

IT IS SO ORDERED.
